**U** 4 Prinzregentenplatz

Ristorante Hippocampus is located in Bogenhausen. Take a moment to recognize the elegant décor elements, mostly imported from Italy: wainscoting made of expensive walnut wood (Noce Nazionale); yellow-black grained marble floor from Siena; Art Nouveau bronze lamps on the walls, salvaged from a 1920s luxury hotel; zinc plated table top on the small aperitif bar. In the evening, large cast-iron torches are lit in the garden, infusing the area with a romantic light and a vacation atmosphere. An elegant, first-class Italian establishment for special occasions, offering an extraordinary ambiance and excellent cuisine.
